- What specific actions will you take as a result of the readings, the discussion, and what you feel is most effective for your patrons? Be specific and refer to readings.
- How do children and youth learn in the electronic environment? Be specific and refer to readings.
- How can the AASL learning standards, the ISTE technology standards, and the Partnership for 21st Century Skills ICT learning skills be used with children and youth? How could the three organizations combine their work for ease of implementation? To what extent can public librarians promote the learning of these skills? Should they?
